Administrator's Message:

Our students and staff have been busy with many interesting learning opportunities. It is always exciting to walk into a classroom and see students working collaboratively to solve problems. Throughout the course of this year you will hear your children talking about hands on learning opportunities that are an important part of experiential play based learning. I encourage you to ask your students about the engaging activities they are participating in.

Please remember to make sure that your children are dressed for the very unpredictable Saskatchewan weather that we are experiencing. It seems like it can be -35 one day and just below 0 within a few days. Physical activity, fresh air, and sunshine are all very important and our students enjoy when they can get outside and take advantage of the beautiful days!

We are happy to see that our overall attendance for the school has improved and is trending upwards. Thank you for getting your children to school consistently. It is critical for their success! There are only 16 days of school in February and we challenge all students to strive for perfect attendance to get their name in a draw! Let's see how many students can achieve this challenge!

Mrs. Tomporowski and Ms. Fernie
